NEW CLUB MEMBERS

The following have been voted into membership of the club and we take pleasure in welcoming:

Glenn A. Leffingwell	W9EON	1005 S. Worth St.
Ronald C. Williams	W9JVF	145 S. Hawthorne

CODE EXAMINATION

Ham examinations (Pence and Merchinoplease note) are to be held at Room 526 Federal Building Sat. May 19th, 9AM to 1 PM. Commercial the day before. Class A aspirants take note.

PURDUE TRIP

Gerald Lucas, W9APJ has been promoting a trip to Purdue University by club members by bus for their open house. He has secured rates for bus transportation either Friday night at 1.93 or Saturday for \$2.14 per person per round trip. If you are interested in visiting the University and seeing the different shops in operation be at the next meeting to decide the date and determine if enough can go to run the special bus.

I R C C

The Indiana Radio Club Council meet in Indpls Sun April 8th. The convention plans for the Convention to be held at French Lick were discussed and action taken to incorporate the Council. Tentative programs were given, committees were named and assignments given.

The annual Picnic of the Council to be either July 15, 22 or 29th, date to be determined by Muncie Club as soon as contact is made with the Mounds State Park.

REPORTING

Bob Evans our president who was laid low with a case of Mumps reports that he is improving but not out yet.

Angus radioed that he painted his boat in 1½ hours with the help of 5 helpers. Soon to put boat into water.

Item. Mr. Don MacLeod, W9KIY was visited after club meeting by a distinguished scientist from Guatemala; Dr. Davido Davenport. The Dr. is well known in Atomic Energy circles and always has a beer at the "Red Dog" when he comes to Indpls. Since the Doctor is unfamiliar with the informality that prevails on the local 10 meter band he was somewhat offended by the caustic comments made by a Mr. Slinger W9RGN. Refreshments were served and a liquid time was had by all.

the reception committee for the good doctor consisted of Steve Smith, Perry Wefler, W9GAR, Elmer Merchino W4ROSES and John Hens W9FYR.

Irwin Putt reports he has been buying components for a Hallicrafters BC610 or HT4 transmitter over a period of time and now has the unit all assembled except for a back-plate on the cabinet and is ready to go on the air with it. Says he has a real transmitter and a minimum investment in it.
